

DECLARATION OF CE CONFORMITY

We as **THERMOSTAHL SOLAR LTD**
14th klm. Thessaloniki – Edessa

With the present we certify with our own responsibility, as the manufacturing company, that the pressure devise described below:

Steel boiler for hot water, by solid fuel,

type **MULTIPLEX MCL 35** useful nominal power **35** kW

meets the requirements of the Directive

2006/42/EC.

In addition we certify that this boiler,

has a degree of performance **81%**

and ranks in terms of performance in **optimal class 5** according to the standard for solid fuel boilers of automatic or manual feed

EN 303-5 2012

As for carbon monoxide emissions, the boiler is classified in the **optimum class 5** (class limit 500 mg/m³) according to

EN 303-5 2012, since, as a result of measurements,

the boiler releases **490** mg/m³.

Conformity assessment body:

Laboratory of thermal systems and biofuels

THERMOSTAHL SOLAR.

Requirements of the current certification:

The boiler when delivered must be accompanied by installation and use instructions, and to bear the label of technical characteristics that is mentioned in the technical folder.
